## Under the Private Securities Litigation Reform Act of 1995

---

This presentation provides information regarding the provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements, including statements of management, are based on

forward-looking statements, although not all forward-looking statements contain these words. These forward-looking statements involve significant risks, both known and unknown, which may cause actual results to be materially different from those suggested by the forward-looking statements including, among others, risks associated with the global economic slowdown, orders or judgments from pending litigation and financial stability in end markets.

Investors are encouraged to read this presentation, including its annual report on 20-F filed with the SEC on April 15, 2013, especially the consolidated financial statements, and such

current reports on Form 6-K, for a more complete discussion of the risks, results, performance or achievements. In light of these risks, uncertainties, assumptions and factors, the forward-looking events discussed in this presentation may not occur. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date stated, or if no date is stated, as of the date of this presentation. Except as may be required by law, SMIC undertakes no obligation and does not intend to update any forward-looking statement, whether as a result of new information, future events or otherwise.

### About Non-Generally Accepted Accounting Principles (“Non-GAAP”) Financial Measures

To provide a more complete understanding of the presentation measures of operating results that are adjusted to exclude wafer shipments from Wuhan Xinxin, SMIC has provided information regarding its non-GAAP financial measures. Xinxin is gradually phasing out in 3Q13. This presentation includes non-GAAP revenue, non-GAAP cost of sales and non-GAAP gross margin. It also includes fourth quarter 2013 guidance for non-GAAP revenues and non-GAAP gross margin, which exclude such shipments, and for non-GAAP operating expenses, which is adjusted to exclude the effect of foreign exchange, employee bonus accrual, funding of R&D contracts from the government and gain from the disposal of living quarters. The presentation of the non-GAAP financial measure is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with IFRS. SMIC believes that use of these non-

GAAP financial measures to understand, manage and evaluate the Company's business and make financial and operational decisions.

## 2013 Capex Guidance (US\$mm)

- (1) Exclude the effect of foreign exchange, funding of R&D contracts from the government, gain arising from the disposal of living quarters and employee bonus accrual.
- (2) The 2013 planned capital expenditure does not account for additional expenditures for the joint venture company in Beijing, which was established in July 2013. The joint venture company will principally engage in, among other things, the testing, development, design, manufacturing, packaging and sale of integrated circuits.
- (3) In addition, we have budgeted capital expenditures of another \$130 million in 2013 for the construction of living quarters for employees as part of the retention program. We plan to either rent out or sell these living quarter units to employees in the future.
